C 2 The scheduled time of the warning signal for the first race each day is 13:00. This time may be adjusted at the skipper’s meeting or on the water by announcement via VHF radio. This changes RRS 90.2 (c).

C 3 Due to wind and/or course considerations the race committee may not be able to make the first warning signal at 13:00. The first warning signal will be made within 20 minutes of the committee boat being anchored or the race committee shall postpone the race.

C 4 If a race is not started within two hours of the postponement signal having been displayed, the race shall be abandoned and there will be no further racing that day. The race or races abandoned will be rescheduled for the makeup day. **If multiple postponements occur during one day’s races, each postponement shall restart the 2 hour postponement window.**

C 5 On any scheduled day of racing no warning signal will be made after 16:00.

C 6 Weather permitting, one extra race per day may be sailed if a race was abandoned in a prior week due to adverse weather or other conditions.

C 7 To alert boats that a race or sequence of races will begin soon, the “Come within Hail” L flag will be displayed with one sound at least five minutes before a warning signal is made.
